

# Mr. Peterman's Third Grade Tiger Tales

## Weekly Calendar

### Mr. Peterman's Web-Site!

If you would like to check out my web-site, please go to:

[http://rolla.k12.mo.us/schools/mark\\_twain\\_elementary/class\\_pages/3rd\\_grade/mr\\_peterman/](http://rolla.k12.mo.us/schools/mark_twain_elementary/class_pages/3rd_grade/mr_peterman/)

\* \* \* \*

This week we are working on:

**MATH:** This week in math we are working rounding numbers both to the nearest tens and hundreds. We are also going to talk about estimating sums and differences. Our Multiplication Friday will cover the two-times tables and review the 0's and 1's that we worked on last Friday in class. We are making flash cards weekly so please ask your child to practice with these at home.

**SCIENCE:** We are continuing to work with plants this week. We will possibly start reviewing for our science test on Monday and do a little more review on Tuesday and try to test on Wednesday. I think we can get that

accomplished!

### READING/WRITING / ENG-

**LISH:** Mr. Gibbs and Mrs. Hounsom will be reading a story called The Waterfall. They will also be working cause and effect along with this story.

**SOCIAL STUDIES:** *Stay tuned until second quarter!*

### TGIF

Please remember that on TGIF days we normally allow the students to bring items from home. We do not allow skate boards, scooters or bicycles or items like these that are not safe on the playground. Please remind your student how important it is to be responsible and not lose the items that they bring to school. Thanks!

### Upcoming Field Trips

**September 15th, 2011** — Leach Theater Presentation

**September 23rd, 2011** — Lane Springs Park (south of Rolla)

If you would like to help on the Lane Springs field trip, please let me know ASAP and please get your background check completed. You cannot attend without a proper background check! Thanks!

September 12th,  
2011  
Volume 13  
Issue 4

PBS Corner!

**Short,  
Straight, Si-  
lent (S,S,S)**

At Mark Twain Elementary all students are expected to walk in a line that is short, straight, and silent. Students should walk down the right hand side of the hallway.
